Dear Parents/ Guardians

In 2015, Year 7 public school students will move to secondary school along with the Year 8 students who usually transition at this time. At Newman Senior High School, we are eagerly preparing for this transition. We know that our planning will make sure that the move to secondary school is well managed for Year 7s and 8s alike.

For parents of Year 7 students, the move will provide your child with the same opportunities as children across Western Australia, giving them access to specialist subject teaching and facilities needed for the Australian Curriculum. The move will provide exciting new opportunities for your child. Our school and staff are working hard to prepare for the transition.

For parents of Year 8 students, we are fully aware that they too are new to secondary school. All of the big changes facing the new Year 7s apply to your child too. Through good planning and effective communication, we will ensure that your child’s needs are met in this year of a double intake of new students.

I encourage you to discuss with your child and consider applying for the specialist programs that we are proud to offer at NSHS including the Mining Alliance Program (MAP), Follow the Dream and Achieve Challenge Extend (ACE). Information and application forms are included in this enrolment pack.

We look forward to welcoming your child to Newman Senior High School in 2015, and ask that enrolment forms and supporting documents are returned to the school by Thursday 25 September 2014.

Regards

Milanna Heberle
Principal
Newman Senior High School
