Pace - Pilbara Alliance in Collaborative Education

Pilbara Senior High Schools have set the 'pace' of change with the Pilbara Collaborative Moodle site. This online resource is where the Pilbara Senior High School communities can access information, resources and published teaching and learning programs for all WACE courses.

By the end of this term Parents will be able to go to the Moodle website http://pilbarashs.moodle.com.au and view what their child will be studying in year 11 and 12 in 2013. This site enables parental access to view all teaching and learning documents and assessment outlines for WACE course.

The first image is the home page which has the school logo for each of the alliance schools: Hedland SHS, Karratha SHS, Newman SHS and Tom Price SHS.

Double click on the school logo you require and this will take you to the second page.

There are images for each learning area so click on one learning area and a list of courses for Senior School will come up.

Choose the course that relates to you and the course outline, program and relevant WACE documents will be displayed.

Parents can repeat this for each subject that their child will be taking in 2013.

Should you have any questions relating to the access of Moodle please do not hesitate to email angela.knight@education.wa.edu.au  Your feedback would also be greatly valued.
