Background and Experience:	
<p>I have been a member of both South Newman and Newman Senior High School P&C's in previous years. My family have lived in Newman for the past 13 years and have successfully had children graduate from SNPS and NSHS. During my time on SNPS P&C I held both general and executive roles and enjoy giving my time to the schools. I have also been heavily involved in a number of sporting organisations in town and held executive roles with those clubs. These roles have given me exposure to governance, financial and member aspects, and also the opportunity to be involved at regional level. All this time on those committees I have learnt a lot and spent many hours dedicated to the development of sporting communities, however I would like to now use my time by being involved in the school community.</p>

Background and Experience:	
<p>Our family have lived in Newman for five years. My eldest two children attend NSHS in years 9 and 7, and my youngest is completing his final primary school year at sunny SNPS. I have a great interest in NSHS and all schools within the Newman network in my support role through regional office. Both my husband and I have been happy with the transition from primary to high school for our children, the leadership opportunities they have undertaken throughout their schooling and the great support their teachers have continually provided. During this time, I have taken an active interest within the Primary School Board, P&C, school fundraising, book club coordinator, Newman sporting committees and coaching roles.</p> <p>I would love the opportunity to help shape the high school future and continually advocate that all schools should be seen as a happy, healthy and safe environment for all children to thrive.</p>
